An aerial photograph of a rural landscape. The foreground and middle ground are filled with a dense patchwork of agricultural fields in various shades of green, yellow, and brown, separated by dark lines representing hedges or roads. Several small villages or hamlets are visible, characterized by clusters of buildings and more irregular street patterns. In the upper right corner, a wide, light-colored river or estuary flows along the edge of the land. The overall scene depicts a typical English countryside.

**Thank you for attending**

**Benhall & Sternfield Parish Council**
